MAYOR'S INAUGURAL ADDRESS.

Gentlemen,—

The duties of presiding over a body of men such as I see before me must of necessity be very light. You have been chosen from among the citizens to devise ways and means for the management of civic affairs, it is mine to direct the course. It is yours to provide the cargo and load the ship; it is mine to stand at the wheel and observing the compass, and studying wind and tide to pilot the vessel to a safe harbour.

May I take this opportunity to thank my fellow citizens for the confidence in me their votes indicate and ask their indulgence and the kind consideration of you their aldermanic representatives during the coming months in the administration of civic affairs.

I shall not burden you with a tedious statement of our present financial condition. Obligations have been taken which must be kept; plans have been drawn which must be executed. What has been so well and wisely initiated must be completed and other works undertaken as circumstances demand. None of this can be accomplished without a clear comprehension and a definite plan of action. We are here not for any party purpose nor appendages of a provincial or federal party but first and foremost to secure for the citizens whom we represent a city pleasant to live in, clean in its appointments, attractive to merchants, traders and visitors, abounding in every convenience which makes for clean homes, happy lives and healthy bodies. Certain of these requirements are necessaries, others of them are luxuries. The necessaries are comfortable homes situated on streets well paved and lighted, supplied with pure water and good light at the least possible cost consistent with quality and quantity. Men, women and children are living in places, I cannot call them homes, which are a disgrace to civilization and a menace to the health of future, if not present generations. This is caused by the cupidity of individuals and companies who place wealth in money before wealth in health and measure the national value by the gold unit rather than the precious stones of virile manhood.

Our city is at present well lighted but there are places where improvement can be made and I ask the representatives of the various wards at as early a date as possible to acquaint themselves with the various parts of their constituency where improvement is needed and to insist that such shall be accomplished. Light is the guardian of health and the enemy of crime and iniquity.

Last year's Council did a wise thing in adopting a system of paving which should be at once put in operation, and consistently and persistently followed out. Your especial attention should be given to Cataraqui and Frontenac Wards where most of the paving should be done this year, thus linking at Princess Street with the excellent work done by your predecessors. Certainly something should be done with Montreal and Rideau Sts., these busy thoroughfares between the city and the Outer Station

and if your funds will not permit of paving the whole extent according to the plan adopted by the city as much as possible should be done from Princess St. as a base and the remainder treated with Tarvia or some similar substance to prevent the clouds of dust blinding pedestrians' eyes or splashes of mud spoiling their garments. If the approaches to the paved portions of our city can be made as pleasant to drive on as Union, King Street West and Upper Princess Street the Council of 1916 will receive the thanks of every citizen who uses them.

The Utilities belong to the citizens and should be operated for their convenience instead of their annoyance. Our Commissioners must administer that plant for the citizens as a whole and not to suit the plans of any political party or provincial government. They are variable and changing in their existence; the citizens we have with us always. Sewer, water and light service being civic plants should be furnished every citizen at absolute cost and all city property whether occupied or vacant should pay their just proportion of its cost. A man who builds a home at the far extremity of a street within the city limits should not be denied these privileges because some individual or real estate company holds and refuses to occupy lands waiting to profit by an increased value the product of the industry of his distant neighbor. These services should be placed in every street, connections placed ready at every lot and the property so served taxed for the cost.

Assessment.—Most citizens feel that some change should be made in our mode of assessment. All property should be assessed at its market value and our tax rate kept low or at a percentage of its value and the tax rate increased. At present the small owner is paying relatively a higher tax than the wealthy proprietor for his assessment is relatively greater. The objective of the Assessor should be not the raising of a certain sum by taxation but the equalizing of the burden of civic government. The working man and small householder does not object to pay in taxes for what he gets in service but he does object and reasonably so to being assessed for $800 on his $1000 house when another citizen is being assessed $10,000 on a $50,000 property. Strictly speaking, no property mercantile or religious should be exempt. I believe our Hospitals and charitable institutions should pay taxes, and receive the assistance they require for their good work direct from the public chest rather than indirectly by exemption. The citizens would then know exactly what their charities cost them and the administrators of these charities would save themselves from the whispered accusations of

being grafters or the more open charge of subtly deceiving the public. Light should be let into the minds of the electors on all items of public expenditure. Under the present conditions I trust you will be as generous as possible to all these deserving institutions and strengthen the hands that relieve wan and assuage pain by relieving their backs of great financial burdens. Any individual or institution that does good deserves the sympathy and material assistance of all good men.

The Patriotic Fund.

As originally conceived and operated this was a voluntary fund administered by private individuals. It may become a public charge fed from the civic treasury. If such should be the case its administration should be in the hands of the people's representatives and the distribution of the fund by he City Treasurer.

The Board of Health.

A clean city means a healthy city, a healthy city connotes a happy citizenship. An excellent start has been made in this direction and I wish to bear this public estimony to the services of our Board of Health for 1915. The citizens owe a debt of gratitude to the members who are fortunate in having as one of them Mr. Blackhall, whose technical skill and untiring energy has been so cheerfully given to the question of garbage disposal. He has labored early and late without any other reward than the knowledge that he is serving the public and doing his bit to make our city a more pleasant abiding place. Second to none is the faithfulness of every employee in the Incinerator plant from the very efficient inspector to the individual collectors. May I ask you to enlist the sympathies of the citizens in your respective wards and urge them in every way to help this endeavor rather than hinder it. Some changes must be made to facilitate the collection, as at present much time is lost by going into back yards and lanes whereas if the receptacles were placed on the boulevards they could be collected at regular intervals at the minimum expenditure of time and money.

I would suggest that inasmuch as the system has been inaugurated and most successfully operated in the face of many unexpected difficulties it be now handed over to the care of the Board of Health where a greater continuity of operation can be secured under the permanency of the office of M. H. O. than an annually changing Committee of Council, and where it properly belongs.

I hesitate to suggest in these parlous times any expenditure of an apparent unnecessary nature but shall risk criticism by requesting you to give your best attention to providing some convenient bathing place for our boys and girls. This could be easily done by constructing a pier from the shore to Murney Tower in the harbour or better still building a pier from the boulevard beyond the Knitting Mill to furnish public dock privileges to citizens and visiting yachtsmen and public bath houses for any who desired to use them.

"There is that scattereth yet increaseth: and there is that withholdeth more than is meet but it tendeth to poverty."

The clerk of the weather has aided us much in preparing our public skating rinks and the Chairman of Property should take the matter in hand, it having proved such a boon to youth and age last winter.

In conclusion let me say that I look forward to our year's work with hopeful expectation of many pleasant and profitable evenings spent in the service of our beautiful and well loved Kingston, I cast myself upon your kindness and charity and assure you that as far as in me lies I shall second your endeavors on behalf of the city and so conduct our business that at the close of my term of office I shall still command the respect in which I believe I am held at its commencement.

Moved by Ald. Hughes, seconded by Ald. Corbett (5) that the report of the Committee on City Property and Markets be received and adopted.—Carried.

Garbage and Refuse.

Ald. Wright presented report No. 6 from the Committee on Garbage and Refuse as follows:—

Committee Room, Kingston, Jan. 14th, 1916.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Garbage and Refuse begs leave to report and recommend as follows:

1. That the City Solicitor be instructed to prepare an amendment to the Garbage By-law to exclude the collection and disposal of ashes for the following reasons:—

1st. Too expensive, the occupant either unwilling or not having formed the habit of placing the receptacle in a convenient place, within reach of the collector, causes the loss of too much time and makes the cost too great. The number of rigs which would be necessary makes the expense very high.

2nd. The majority of the occupants have made it known that they either make use of the ashes for filling or spreading on gardens or that they want it left undisturbed until the spring time, and are unfavorable to the weekly collections.

2. For the above reasons the Inspector recommends the discontinuance of the collection.

3. That the Chairman be authorized to make purchases of supplies up to but not exceeding $20.00.

Respectfully submitted,

(Signed) GEO. C. WRIGHT, Chairman.
H. W. NEWMAN,
WM. GIBSON.

Moved by Ald. Wright, seconded by Ald. Newman (6) that the report of the Committee on Garbage and Refuse be received and read clause by clause.—Carried.

Moved by Ald. Wright, seconded by Ald. Newman (7) that the report of the Committee on Garbage and Refuse be adopted. —Carried.

BY-LAWS.

Ald. Wright presented By-law No. 6, 1916. The By-law was read a first time and the 31st rule being suspended by two-

thirds vote a second and third time, the second being in committee of the whole, Ald. Gardiner in the chair and was signed and sealed as follows:

BY-LAW NO. 6, 1916.

BY-LAW NO. 14, 1916.

A By-law to authorize the Head and Treasurer of the Corporation of the City of Kingston to borrow certain sums to meet the current ordinary expenditure of the Corporation.

Passed February 29th, 1916.

WHEREAS, in order to meet the current ordinary expenditure of the Corporation and the sums required to be raised in the current year for High and Public School purposes, it is necessary to borrow money in anticipation until such times as the taxes to be levied therefor are collected, and whereas it is necessary under Clause 319 of the Municipal Act, R.S.O., 1914, to pass a By-law authorizing such to be done.

AND WHEREAS the Council deems the sum of $175,000 necessary to meet the current ordinary expenditure of the said Corporation and the sums required to be raised in the current year for High and Public School purposes until the taxes are collected and said sum does not exceed ninety per cent. of the ordinary expenditure of the said Corporation for the next preceding year, together with the amount required to be raised for High and Public School purposes for the current year; and it is deemed expedient to authorize the Head and Treasurer to borrow the said sum of $175,000.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. That the Head and Treasurer of the said Corporation be and they are hereby authorized under the seal of the Corporation to borrow from any person or persns, body or bodies corporate the sum of $175,000 which sum is deemed necessary by the Council to meet the current ordinary expenditure of the Corporation and the sums required to be raised in the current year for High and Public School purposes until the taxes are collected.

2. That the said Head with the Treasurer aforesaid, be and they are hereby authorized to pay or allow the said person or persons, body or bodies corporate interest on the said sum so borrowed at the rate of five and a half per cent. per annum.

3. That a promissory note, or notes, covenant or agreement, sealed with the Corporation seal and signed on behalf of the Corporation by the Mayor and Treasurer, be duly executed and given to the said person or persons, body or bodies corporate as aforesaid as security for the repayment of the amount borrowed with interest thereon as aforesaid.

This By-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS, City Clerk.

A. W. RICHARDSON, Mayor [L.S.]

BY-LAWS.

Ald. Couper presented By-law No. 15, 1916. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Clugston in the chair and was signed and sealed as follows:—

BY-LAW No. 15, 1916.

A By-law to raise by way of loan the sum of $8,524.85 by the issue of debentures to meet the cost of construction of asphaltic-macadam pavements on those portions of the streets of the City of Kingston mentioned in the Schedule annexed to this By-law.

Passed March 13th, 1916.

WHEREAS, in the opinion of two-thirds of all the members of the Council of the Corporation of the City of Kingston it was desirable in the public interest to construct and lay down asphaltic-macadam pavements as local improvements on the several portions of streets mentioned and described in column one of the Schedule hereto annexed, and by the requisite affirmative vote of three-fourths of the members of said Council, to provide from the general funds of the Municipality forty per cent. of that portion of the cost of the construction of the said asphaltic-macadam pavements falling on the property benefited in addition to the part of such cost to be provided by the Municipality and to add said forty per cent. to the said part of the cost of construction of the said pavements to be provided by the Municipality and to issue debentures for the amount thus obtained.

AND WHEREAS the said several pavements were duly constructed and temporary advances were obtained to meet the cost thereof, and a report has been made thereupon showing that said respective works have been fully completed and a special assessment roll has been prepared by the City Engineer pursuant to the By-law in that behalf showing the cost of the said several works respectively and making an assessment therefor upon the several lots abutting directly on the respective works and it has been certified that the period of ten years is the probable life of each of the said several works.

AND WHEREAS the assessed value of the whole real property rateable in respect of said several improvements as ascertained and finally determined is the amount mentioned in the eighth column of the said Schedule respectively opposite the said several works as described in the first column of said Schedule.

AND WHEREAS the total cost of the said several improvements is as mentioned in the second column of the said Schedule respectively and the Corporation's portion of such cost is as mentioned in the third column of the said Schedule respectively and the portion of such cost chargeable against the several lots abutting directly on the respective pavements is as mentioned in the fourth column of the said Schedule respectively opposite the said several works as described in the first column of said Schedule.

AND WHEREAS the number of feet frontage of the lots chargeable in case of each of such locla improvements is as set down in the fifth column of said Schedule and the cost per foot frontage chargeable against the lots chargeable in respect of each such work, is as set down in the sixth column of said Schedule respectively opposite each such work as described in the first column of said Schedule and the annual rate per foot frontage to be levied in each year for the period of ten years upon the several lots abutting directly upon and chargeable in respect of each such work is as set down in the seventh column of the said Schedule respectively opposite each such work as described in the first column of said Schedule and the said Schedule is in all those particulars the same respectively as ascertained and determined by the said report and roll and statement of the City Engineer and by the Court of Revision and by the County Judge (where an appeal was had) in respect of each of the said several works.

AND WHEREAS the sum of $8,524.85 being the total cost of the said works, is the amount of the debt to be created by this By-law and for the purpose of repaying the said temporary advances it is expedient to raise the said sum of $8,524.85 by the issue of debentures of the said City of Kingston, the principal to be payable in ten years from the first day of January, 1916, as hereinafter provided.

AND WHEREAS it will require the sum of $611.66 to be raised annually for a period of ten years to pay the said sum of $4,422.75. (Being the Corporation's portion of the said cost of the said works) and interest at the rate of 5½ per cent. per annum payable half yearly; and it will require the sum of $567.31 to be raised annually for a period of ten years to pay the sum of $4,102.10 (being the property owners' portion of the said cost of the said works) and interest at the said rate payable half yearly.

AND WHEREAS the whole rateable property of the said City of Kingston according to the last revised assessment roll is

the sum of $12,741,574.00 and the amount of the existing debenture debt of the said City exclusive of local improvement debts secured by special acts, rates or assessments, is the sum of $1,399,968.69.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to lend the same upon the credit of the Corporation by the issue of the debentures hereinafter mentioned the sum of $8,524.85 and to cause the same to be paid into the hands of the Treasurer for the purpose of this By-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than $100 each and not exceeding in the whole the said sum of $8,524.85 and the said debentures shall be sealed with the seal of the said Municipality and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of $8,524.85 by way of loan as aforesaid for the purpose aforesaid.

3. The said debt shall be payable in ten years from the first day of January, A.D., 1916, at the office of the Treasurer of the said City of Kingston in the said City.

4. The said debentures shall all bear the same date and shall be issued within two years after the day on which this By-law is passed.

5. The said debentures shall bear interest at the rate of five and one half per cent. per annum fro mthe first day of January, 1916, which interest shall be payable half yearly on the first day of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston and the said debentures shall have interest coupons attached to them which coupons shall be signed by the said Treasurer.

6. As to the said sum of $4,422.75 being the Corporation's portion of the cost of the said several works as described in column one of the Schedule hereto annexed there shall be raised annually during the currency of the debentures the sum of $243.25 for the interest thereon and the sum of $368.41 to form a sinking fund for the payment of the said debt, the said sums making together the annual amount of $611.66 to be raised, levied and collected in each year during the said period of ten years by annual

special rate sufficient therefor to be levied on the whole rateable property in the said Municipality.

7. As to the said sum of $4,102.10 being the owners' portion of the cost of the said several works as described in column one of the Schedule hereto annexed there shall be raised annually during the currency of the said debentures the sum of $225.62 for the payment of interest thereon and the sum of $341.70 to form a sinking fund for the payment of the said portion of the said debt, the said sums making together the annual amount of $567.32, for the payment of the owners' poortion of the cost and the interest thereon, the several special assessments set forth in the said Special Assessment Roll are hereby imposed upon the lands liable therefor as therein severally set forth, which said annual assessments with a sum sufficient to cover the interest thereon at the rate aforesaid shall be payable in twenty (20) equal annual instalments as severally set forth in column No. 7, opposite the said several works as described in column No. 1, of the said Schedule hereto annexed, and for that purpose the equal annual special rate per foot frontage applicable to each work as set forth in column No. 7, is hereby imposed in the case of each of such works upon the lots abutting directly upon said work as described in column one (1) of said Schedule, according to the assessed frontage thereof, over and above all other rates and taxes, which said special rates shall be collected annually by the collector of taxes for the corporation at the same time and in the same manner as other taxes.

8. The said debentures shall be sold and the proceeds thereof shall be applied in paying and discharging the temporary loan or debt incurred in and for the construction of the said works and in no other way and for no other purpose whatever.

9. Any person whose lands are assessed for the said special rate in respect of any of the said local improvements may commute for the payment of his proportionate share of the cost of the said improvements as aforesaid by paying a principal sum according to his frontage as shown in the said roll of the City Engineer as finally revised up to the end of two weeks from and after this By-law shall take effect, after which the said debentures shall be issued and no commutation shall be permitted and the lands of persons commuting shall not be subject to the said special rate and the amount of the said debentures shall be reduced by the amount paid as commutation.

10. This By-law shall come in force and tkae effect on its passing.

(Signed)

W. W. SANDS,
City Clerk.

A. W. RICHARDSON,
Mayor [L.S.]

Ald. Chown presented By-law No. 16, 1916. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Fair in the chair and was signed and sealed as follows:—

BY-LAW No. 16, 1916.

A By-law to raise by way of loan the sum of $14,415.19, by the issue of debentures to meet the cost of construction of side-walks, curbs and sewers on those portions of the streets of the City of Kingston mentioned in the Schedule annexed to this By-law.

Passed March 13th, 1916.

WHEREAS in the opinion of two-thirds of all the members of the Council of the Corporation of the City of Kingston it was desirable in the public interest to construct and lay down concrete sidewalks, curbs and sewers as local improvements on the several portions of streets mentioned and described in column one of Part I of the Schedule hereto annexed and by the requisite affirmative vote of three-fourths of the members of said Council, to provide from the general funds of the Municipality forty per cent. of that portion of the cost of the construction of the said side-walks, curbs and sewers falling on the property benefited in addition to the part of such cost to be provided by the Municipality and to add said forty per cent. to the said part of the cost of construction of the said sidewalks, curbs and sewers to be provided by the Municipality and to issue debentures for the amount thus obtained.

AND WHEREAS the said Council upon the recommendation of the Local Board of Health did affirm by a vote of two-thirds of all the members of the Council in regular meeting thereof, that it was desirable and necessary in the public interest to construct each of the sewers mentioned and described in column one of Part II, of the Schedule hereto annexed for the purpose of draining a particular locality for sanitary or drainage purposes as local improvements.

AND WHEREAS the said several sidewalks, curbs and sewers were duly constructed and temporary advances were obtained to meet the cost thereof, and a report has been made thereupon showing that said respective works have been fully completed and a special assessment roll has been prepared by the City Engineer pursuant to the By-law in that behalf showing the cost of the said several works respectively and making an assess-

ment therefor upon the several lots abutting directly on the respective works and it has been certified that the period of twenty years is the probable life of each of the said several works.

AND WHEREAS the assessed value of the whole real property rateable in respect of said several improvements as ascertained and finally determined is the amount mentioned in the eighth column of the said Schedule respectively opposite the said several works as described in the first column of said Schedule.

AND WHEREAS the total cost of the said several improvements is as mentioned in the second column of the said Schedule respectively and the Corporation's portion of such cost is as mentioned in the third column of the said Schedule respectively and the portion of such cost chargeable against the several lots abutting directly on the respective walks is as mentioned in the fourth column of the said Schedule respectively opposite the said several works as described in the first column of said Schedule.

AND WHEREAS the number of feet frontage of the lots chargeable in case of each of such local improvement works is as set down in the fifth column of said Schedule and the cost per foot frontage chargeable against the lots chargeable in respect of each such work is as set down in the sixth column of each such Schedule respectively opposite each such works as described in the first column of said Schedule and the annual rate per foot frontage to be levied in each year for the period of twenty years upon the several lots abutting directly upon and chargeable in respect of each such work is as set down in the seventh column of the said Schedule respectively opposite each such work as described in the first column of said Schedule and the said Schedule is in all those particulars the same respectively as ascertained and determined by the said report and roll and statement of the City Engineer and by the Court of Revision and by the County Judge (where an appeal was had) in respect of each of the said several works.

AND WHEREAS the sum of $14,415.19 being the total cost of the said works, is the amount of the debt to be created by this By-law and for the purpose of repaying the said temporary advances it is expedient to raise the said sum of $14,415.19 by the issue of debentures of the said City of Kingston, the principal to be payable in twenty years from the first day of January, 1916 as hereinafter provided.

AND WHEREAS it will require the sum of $628.64 to be raised annually for a period of twenty years to pay the sum of

$7,095.29 (being the Corporation's portion of the said cost of the said works) and interest at the rate of 5½ per cent. per annum payable half yearly; and it will require the sum of $648.54 to be raised annually for a period of twenty years to pay the sum of $7,319.90 (being the property owners' portion of the said cost of the said works) and interest at the said rate payable half yearly.

AND WHEREAS the whole rateable property of the said City of Kingston according to the last revised assessment roll is the sum of $12,741,574 and the amount of the existing debenture debt of the said City exclusive of local improvement debts secured by special acts, rates or assessments, is the sum of $1,399,968.69.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to lend the same upon the credit of the Corporation by the issue of the debentures hereinafter mentioned the sum of $14,415.19 and to cause the same to be paid into the hands of the Treasurer for the purpose of this By-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than $100 each and not exceeding in the whole the said sum of $14,415.19 and the said debentures shall be sealed with the seal of the said Corporation and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of $14,415.19 by way of loan as aforesaid for the purpose aforesaid.

3. The said debt shall be payable in twenty years from the first day of January, A.D., 1916, at the office of the Treasurer of the said City of Kingston in the said City.

4. The said debentures shall all bear the same date, and shall be issued within two years after the day on which this By-law is passed.

5. The said debentures shall bear interest at the rate of five and one half per cent. per annum from the first day of January, 1916, which interest shall be payable half yearly on the first day of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston and the said debentures shall have interest coupons attached to them which coupons shall be signed by the said Treasurer.

6. As to the said sum of $7,095.29 being the Corporation's portion of the cost of the said several works as described in column one of the Schedule hereto annexed there shall be raised annually during the currency of the debentures the sum of $390.24 for the interest thereon and the sum of $238.40 to form a sinking fund for the payment of the said debt, the said sums making together the annual amount of $628.64 to be raised, levied and collected in each year during the said period of twenty years by annual special rate sufficient therefor to be levied on the whole rateable property in the said Municipality.

7. As to the said sum of $7,319.90 being the owners' portion of the cost of the said several works as described in column one of the Schedule hereto annexed there shall be raised annually during the currency of the said debentures the sum of $402.59 for the payment of interest thereon and the sum of $245.95 to form a sinking fund for the payment of the said portion of the said debt, the said sums making together the annual amount of $648.54 for the payment of the owners' portion of the cost, $7,-319.90, and the interest thereon, $402.59, the several special assessments set forth in the said Special Assessment Rolls are hereby imposed upon the lands liable therefor as therein severally set forth, which said annual assessments with a sum sufficient to cover the interest thereon at the rate aforesaid shall be payable in twenty (20) equal annual instalments as severally set forth in Column No. 7, opposite the said several works as described in Column No. 1, of the said Schedule hereto annexed, and for that purpose the equal annual special rate per foot frontage applicable to each work as set forth in Column No. 7, is hereby imposed in the case of each of such works upon the lots abutting directly upon said work as described in Column one (1) of said Schedule, according to the assessed frontage thereof, over and above all other rates and taxes, which said special rates shall be collected annually by the collector of taxes for the Corporation at the same time and in the same manner as other taxes.

8. The said debentures shall be sold and the proceeds thereof shall be applied in paying and discharging the temporary loan or debt incurred in and for the construction of the said works and in no other way and for no other purpose whatever.

9. Any person whose lands are assessed for the said special rate in respect of any of the said local improvements may commute for the payment of his proportionate share of the cost of the said improvements as aforesaid by paying a principal sum according to his frontage as shown in the said roll of the City Engineer as finally revised up to the end of two weeks from and after this By-law shall take effect, after which the said debentures shall be issued and no commutation shall be permitted and the lands of persons commuting shall not be subject to the said special rate and the amount of the said debentures shall be reduced by the amount paid as commutation.

Ald. Gillespie presented By-law No. 17, 1916. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Chown in the chair and was signed adn sealed as follows:—

BY-LAW No. 17, 1916.

A By-law to raise by way of loan the sum of $2,877.70 by the issue of debentures to meet the cost of construction of a macadam roadway on Princess Street between Barrie Street and Alfred Street in the City of Kingston.

Passed March 13th, 1916.

WHEREAS in the opinion of two-thirds of all the members of the Council of the Corporation of the City of Kingston it was desirable in the public interest to construct and lay down a macadam roadway as a local improvement on Princess Street aforesaid and by the requisite affirmative vote of three-fourths of the members of said Council, to provide from the general funds of the Municipality forty per cent. of that portion of the cost of the construction of the said roadway falling on the property benefitted in addition to the part of such cost to be provided by the Municipality and to add said forty per cent. to the said part of the cost of construction of the said roadway to be provided by the Municipality and to issue debentures for the amount thus obtained.

AND WHEREAS the said roadway was duly constructed and temporary advances were obtained to meet the cost thereof, and a report has been made thereupon showing that said work has been fully completed and a special assessment roll has been prepared by the City Engineer pursuant to the By-law in that behalf showing the cost of the said work and making an assessment therefore upon the several lots abutting directly on the work and it has been certified that the period of three years is the probable life of the said work.

AND WHEREAS the assessed value of the whole real property rateable in respect of said improvement as ascertained and finally determined is $187,200.

AND WHEREAS the total cost of the said improvement is $2,877.70 and the Corporation's portion of such cost is $1,335.76 and the portion of such cost chargeable against the several lots abutting directly on the work is $1,541.94.

AND WHEREAS the number of feet frontage of the lots chargeable in case of such local improvement work is 3,498¼ feet and the cost per foot frontage chargeable against the lots chargeable in respect of such work is 44.077 cents and the annual rate per foot frontage to be levied in each year for the period of three years upon the several lots abutting directly upon and chargeable in respect of such work is 16.542 cents, and the particulars of such work as above set forth are the same respectively as ascertained and determined by the said reprot and roll and statement of the City Engineer and by the Court of Revision and by the County Judge (where an appeal was had) in respect of said work.

AND WHEREAS the sum of $2,877.70 being the total cost of the said work is the amount of the debt to be created by this By-law and for the purpose of repaying the said temporary advances it is expedient to raise the sai dsum of $2,877.70 by the issue of debentures of the said City of Kingston, the princpal to be payable in three years from the first day of January, 1916, as hereinafter provided.

AND WHEREAS it will require the sum of $501.31 to be raised annually for a period of three years to pay the sum of $1,335.76 (being the Corporation's portion of the said cost of the said work) and interest at the rate of 5½ per cent. per annum payable half yearly; and it will require the sum of $578.69 to be raised annually for a period of three years to pay the sum of $1,541.94 (being the property owners' portion of the said cost of the said work) and interest at the said rate payable half yearly.

AND WHEREAS the whole rateable property of the said City of Kingston according to the last revised assessment roll is the sum of $12,741,574 and the amount of the existing debenture debt of the said City exclusive of local improvement debts secured by special acts, rates or assessment, is the sum of $1,399,968.69.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate who may be willing to lend the same upon the credit of the Corporation by the issue of the debentures hereinafter mentioned the sum of $2,877.70 and to cause the same to be paid into the hands of the Treasurer for the purpose of this By-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than $100 each and not exceeding in the whole the said sum of $2,877.70 and the said debentures shall be sealed with the seal of the said Municipality and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of $2,877.70 by way of loan as aforesaid for the purpose aforesaid.

3. The said debt shall be payable in three years from the first day of January, 1916, at the office of the Treasurer of the said City of Kingston in the said City.

4. The said debentures shall all bear the same date and shall be issued within two years after the day on which this By-law is passed.

5. The said debentures shall bear interest at the rate of five and one-half per cent. per annum from the first day of January, 1916, which interest shall be payble half yearly on the first day of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston and the said debentures shall have interest coupons attached to them which coupons shall be signed by the said Treasurer.

6. As to the said sum of $1,335.76 being the Corporation's portion of the cost of the said work there shall be raised annually during the currency of the debentures the sum of $73.47 for the interest thereon and the sum of $427.84 to form a sinking fund for the payment of the said debt, the said sums making together the annual amount of $501.31 to be raised, levied and collected in each year during the said period of three years by an annual special rate sufficient therefor to be levied on the whole rateable property in the said Municipality.

7. As to the said sum of $1,541.94 being the owners' portion of the cost of the said work there shall be raised annually during the currency of the said debentures the sum of $84.81 for the payment of interest thereon and the sum of $493.88 to form a sinking fund for the payment of the said portion of the said debt, the said sums making together the annual amount of $578.69. For the payment of the owners' portion of the cost and the interest thereon, the assessments set forth in the said Special Assessment Roll are hereby imposed upon the lands liable therefor as therein set forth, which said annual assessments with a sum sufficient to cover the interest thereon at the rate aforesaid shall be payable in three (3) equal annual instalments and for that purpose an annual special rate of 16.542 cents per foot frontage is hereby imposed upon the lots abutting directly upon said work, according to the assessed frontage thereof, over and above all other rates and taxes, which said special rate shall be collected annually by the collector of taxes for the Corporation at the same time and in the same manner as other taxes.

8. Any person whose lands are assessed for the said special rate in respect of the said local improvement may commute for the payment of the proportionate share of the cost of the said improvement as aforesaid by paying a principal sum according to his frontage as shown in the said roll of the City Engineer as finally revised up to the end of two weeks from and after this By-law shall take effect, after which the said debentures shall be issued and no commutation shall be permitted and the lands of persons commuting shall not be subject to the said special rate and the amount of the said debentures shall be reduced by the amount paid as commutation.

This By-law shall come in force and take effect on its passing.

CIVIC BUDGET, 1916.

Committee Room, City Hall.

Kingston, March 23, 1916.

In submitting the estimates for the year 1916 your Committee on Finance and Accounts begs leave to report as follows:

The Bonded debt of the City to 31st December, 1915, is $1,636,528.78, made up as follows:

Water Works		$ 169,300 00
Light Works		451,607 99
SCHOOLS—		
Public	$124,244 94	
High	66,351 00	
		190,595 94
LOCAL IMPROVEMENTS—		
Corporation's Portion	$252,441 08	
Owners' Portion	236,560 09	
		489,001 17
General Purposes		336,023 68
		$1,636,528 78

The amount of the Sinking Funds is $153,248.93, and of this amount $138,099.47 is invested in Government and Municipal

Debentures and $15,149.46 is on special deposit in the Bank of British North America.

The amount to be levied for the Sinking Fund this year is $41,516.90, the parties specially benefitted paying $18,685.50 and the City generally paying $22,831.40.

In presenting the Budget for the consideration of Council your Committee on Finance wishes to draw your attention to the loss of revenue caused by recent liquor legislation of the Provincial Government. This amount last year was $4,400. Added to this is the increased expenditure due to war conditions, which will be $11,000. These items will necessitate an increase in taxation of 1 1-3 mills.

It is the desire of your Committee to maintain our tax rate for general purposes at last year's rate.

That this desirable result may be attained we have found it necessary to reduce the estimates of the Board of Education for the year by $5,000—which your Committee feels can safely be done without injury to our schools.

Your Committee asks the co-operation of the Council in this matter, and advises the various committees to confine their expenditures to the lowest possible amount consistent with efficiency. Your Committee is of the opinion that with the sympathetic co-operation of all concerned this will be accomplished and our taxation will thus be:

General purposes . . . . . 25 mills on the $.
Loss of revenue and war expense..... 1 mill on the $.

Total..... 26 mills on the $.

We draw the Council's and ratepayers' attention to the fact that the appropriation of each committee is less than last year.

Your Committee recommends that a rate of 17.58 mills for general purposes and 8.42 for educational purposes, making in all 26 mills on the dollar, be placed on this year's assessment.

BY-LAWS.

Ald. Kent presented By-law No. 20, 1916. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Gibson in the chair and was signed and sealed as follows:—

BY-LAW NO. 20, 1916.

A By-law to levy a tax of 26 mills in the dollar upon the assessed value of the rateable property in the Municipality of the City of Kingston for the lawful purposes of the Municipality for the year 1916.

Passed March 27th, 1916.

WHEREAS for the year 1916 there are required for the lawful purposes of the Municipality of the City of Kingston as hereinafter specified the following named sums of money, estimated by and to the Council of the said Municipality, to be raised by the levy of the several rates hereinafter mentioned, respectively amounting to the rate of 26 mills in the dollar upon the assessed value of the rateable property in the said Municipality, and which in the revised and adopted assessment rolls and the supplementary roll for the year 1916 amounts to the sum of $12,741,574.00 current money of Canada (which rate of 26 mills in the dollar is, in respect of the rateable property in the said Municipality liable to be assessed for the Roman Catholic Separate School rate, inclusive of the rate hereinafter directed to be levied upon the rateable property liable thereto, and which rate of 26 mills on the dollar also includes the rate for the sum required for the Public School purposes for the said year, to be levied on the property liable thereto as hereinafter provided).

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston.

1. That the sum of $28,624.00 required to pay the annual interest and the payment of the principal on the debentures issued under the provisions of "The City of Kingston, Debt Arrangement Act 1887" shall be raised by the levy of a rate, "The Debt Arrangement Loan Rate" of 1 79/100 mills in the dollar upon the whole assessed value of all the rateable property in said Municipality.

2. The sum of $32,298.18 required to pay the annual interest on and the annual payment on account of the loan and bonus debentures and not provided for under Section 1, of this By-law shall be raised by the levy of a rate of 2 53/100 mills in the dollar upon the whole assessed value of all the rateable property in the said Municipality.

3. The sum of $25,069.10 required for High School purposes as estimated to the said Council by the Board of Education, and to pay the annual interest on and the annual payment on account of High School Debentures of the said Municipality shall be levied by a rate of 1 97/100 mills on the dollar upon the whole of the assessed value of all the rateable property in the said Municipality as aforesaid.

4. The sum of $60,230.00 required for Public School purposes of the said Municipality as estimated to the said Council by the Board of Education of the said Municipality shall be raised by the levy of a rate of 5 55/100 mills in the dollar upon the assessed value of the rateable property in the said Municipality assessable and liable to be raised for a Public School rate, said assessed value being $10,844,759.00.

5. The sum of $9,732.27 required to pay the annual interest on and the annual payment on account of the Public School Debentures of the said Municipality, shall be raised by a levy of a rate of 90/100 mills on the dollar upon the said assessed value of the rateable property in said Municipality assessable and liable to be raised for a Public School rate, said assessed value being $10,844,759.00 as aforesaid.

6. There shall also be levied on the rateable property in the said Municipality liable thereto, the assessed value of which amounts to $1,896,815.00 a rate of 6 45/100 mills on the dollar imposed on the said property by the Board of Trustees of the Roman Catholic Separate Schools of the said Municipality for the purposes of the said Separate Schools for the current year, and the said last mentioned rate shall be levied and collected by the collector appointed to collect the Municipal rates and taxes of the said Municipality at the time and as provided by law.

7. The sum of $28,624.00 required to pay the annual interest on and provide the annual sum required for the sinking fund for the debentures of the said Municipality, issued for the purpose of raising loans for the amount of the cost of the several local improvement works in the said Municipality to be borne and paid by the said Municipality at large shall be raised by the levy of a rate of 2 25/100 mills in the dollar upon the whole of the said

assessed value of all the rateable property in the said Municipality as aforesaid.

8. The sum of $140,284.73 required for the general purposes and expenditure of the said Municipality for the current year shall be raised by the levy of a rate of 11 01/100 mills on the dollar upon the whole of the said assessed value of all the rateable property in the said Municipality as aforesaid.

9. The said several rates of 1 79/100, 2 53/100, 1 97/100, 2 25/100 and 11 01/100 mills on the dollar to be levied upon the whole of the assessed value of the rateable property in the said Municipality and the said several rates of 5 55/100 and 90/100 mills on the dollar to be levied upon the assessed value of all the property in the said Municipality assessable and liable to be rated for a Public School rate and the said rate of 6 45/100 mills on the dollar to be levied on the assessed value of all the property in said Municipality assessable and liable to be rated for the said Roman Catholic Separate School rate (together amounting to 26 mills on the dollar upon the assessed value of the property upon and in respect of which the said several rates are to be levied respectively) shall be levied and collected at one and the same time as provided by law by the collector appointed to collect the Municipal rates and taxes of the said Municipality

10. The City Clerk shall prepare and deliver to the said Collector the Collector's Rolls of the said Municipality for the said year, and prepared according to law on or before the first day of May, 1916.

This By-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS, City Clerk. A. W. RICHARDSON, Mayor [L.S.]

Ald. Wright presented By-law No. 21, 1916. The By-law was read a first time and the 1st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Kent in the chair and was signed and sealed as follows:—

BY-LAW NO. 21, 1916.

A By-law to levy a tax of one (1) mill on the dollar upon the assessed value of the land in the Municipality of the City of Kingston for the purpose of defraying the cost of the collection,

removal and disposal of ashes, garbage and other refuse throughout the whole Municipality.

Passed, March 27th, 1916.

WHEREAS By-law No. 42, 1915 a "By-law to provide for the collection, removal and disposal of ashes, garbage and other refuse was passed by the Council of the Corporation of the City of Kingston, September 15th, 1916.

AND WHEREAS Section 19 of said By-law provides as follows:—

"19. The expense of the collection, removal and disposal by the Corporation of said ashes, garbage and other refuse throughout the whole Municipality shall be borne by the owners and occupants of the land therein and an annual special rate shall be imposed upon such land according to its assessable value, sufficient to defray the expense of such collection, removal and disposal and no land within the Municipality shall be exempt from the said annual special rate anything in general or special Act or any By-law to the contrary notwithstanding. The said annual special rate shall be placed upon the Collector's Roll during the year in which the same is to be collected and shall be collected in like manner and at the same time as all other municipal taxes."

AND WHEREAS it will require an annual special rate of one mill on the dollar on the assessed value of the land within the Municipality of the City of Kingston to defray the expense of the collection, removal and disposal by th eCorporation of ashes, garbage and other refuse throughout the whole Municipality.

AND WHEREAS the assessed value of said land as stated in the revised and adopted assessment roll of the said Municipality for the year 1916 amounts to $15,835,439.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. The sum of $15,835.04 required to defray the expense oi the collection, removal and disposal by the Corporation of ashes, garbage and other refuse throughout the whole Municipality of the City of Kingston, shall be raised by the levy of a special rate—"The Garbage, etc., rate"—of one (1) mill on the dollar upon the whole assessed value of the land within the said Municipality which rate shall be in addition to all other rates for which the said land is, and shall be, liable.

2. The City Clerk shall place upon the Collector's Roll opposite the several names of the persons assessable the amounts assessable against the said land in respect of such special rate.

3. The said amounts shall be payable in each year to the Collector of Municipal taxes, of the City of Kingston, who is hereby authorized to collect the said amounts at the same time, in the same manner, and with the like remedies as ordinary taxes upon real estate are collectable under the provisions of the Assessment Act.

4. That the amounts collected from the said rate shall be expended in defraying the expense of the collection, removal and disposal by the Corporation of said ashes, garbage and other refuse, and not otherwise.

This By-law shall come in force and take effect on its passing.

REPORTS.

Finance and Accounts.

Ald. Kent presented report No. 26 from the Committee on Finance and Accounts as follows:—

Committee Room, Kingston, April 6th, 1916.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Finance and Accounts begs leave to report and recommend as follows:

1. That in connection with the following accounts from the Garbage Committee, the City Auditor submits the following:—

The Chairman has authority to spend up to $20.00. Re account of McKelvey & Birch, authority was given by report No. 14, 1915, to erect a cover over the hoist at an estimated cost of $20.00. This amount has been exceeded.

Re account of Morris Crane & Hoist Co. There is no authority for the purchase of the overhead runway costing $224. Under report No. 54, 1915, permission was given to electrify the hoist at a cost not exceeding $400. The cost is over $500.

Halliday Electric Co., $51.28; McKelvey & Birch, $50.50; Herbert Morris Crane & Hoist Co., $780.23.

BY-LAW NO. 25, 1916.

A By-law to further regulate the operation of the Kingtson, Portsmouth and Cataraqui Electric Railway Company.

Passed April 25th, 1916.

WHEREAS by the Agreement made between the Corporation of the City of Kingston and the Kingston Street Railway Company, dated 9th May, 1893, it was provided amongst other things that the said Corporation shall have the right to make such further rules, regulations, orders and by-laws in relation to the operation of the said Railway as from time to time may be necessary to protect the interests of the said City or to provide for the safety, welfare or accommodation of the public.

AND WHEREAS the said The Kingston Street Railway Company has since the making of said Agreement become The Kingston, Portsmouth and Cataraqui Electric Railway Company but without prejudice to any agreements existing between the said Corporation and said Company.

AND WHEREAS the Company has requested the Corporation to make certain further regulations in relation to the operation of the said Railway.

AND WHEREAS in order to protect the interest of the said City the Corporation deems it advisable to grant said request.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. The Company may collect from every person on entering any of its cars, for riding any distance on its railway in the same continuous route, between 6.30 a.m. and 10.30 p.m. a sum not exceeding five cents, and between the hours of 10.30 p.m. and 6.30 a.m., a sum not exceeding ten cents (except children under five years of age accompanied by a parent or other person having them in charge, which children shall ride free provided they do not occupy seats). The Company shall grant transfers without additional charge for all continuous trips which are not returns and shall issue workmen's tickets at eight for 25 cents, good during the following hours, namely, 6.30 to 7.59 a.m. and 5.00 to 6.30 p.m. and shall give to children between five and twelve years of age ten children's tickets for 25 cents, and also carry free of charge all police constables in uniform, and all city detectives wearing badges, and no conductor shall collect a higher fare than is allowed by this Agreement. The Company

may also charge a reasonable compensation, to be approved of by the City Council by by-law, for carrying packages and bundles as common carriers; but no extra charge shall be made for any valise, satchel, market-basket or parcel of reasonable size carried by any passenger. These provisions are to supersede the provisions contained in sub-sections (d) and (n) of section 16 of the agreement of May 9th, 1893 and all other provisions as to fares and transfers and as to charges for carrying packages and bundles and for free transportation of certain persons on the Company's cars in existing agreements heretofore made between the said parties.

2. Sub-section (q) of section 16 is hereby amended by striking out the words "The use of salt for the purpose of removing snow or ice from the track is strictly prohibited."

3. Sub-section (e) of section 16 of said agreement is hereby amended by striking out all the words in said sub-section except the words "The rate of speed of all cars shall be subject to the direction of the City Council from time to time."

4. Sub-section (f) of section 16 is hereby amended by striking out the word "four" in the last line of said sub-section and inserting in lieu thereof the word "eight."

5. Sub-section (i) of section 16 is hereby amended by striking out the words "and on the first appearance of danger the cars shall be stopped in the shortest time and space possible."

This By-law shall come in force and take effect on its passing.

(Signed)

BY-LAWS.

Ald. Peters presented By-law No. 31, 1916. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Hughes in the chair and was signed and sealed as follows:—

BY-LAW NO. 31, 1916.

By-law to authorize the construction of a sewer on Brock Street from a point 232 feet east of Albert Street thence westerly to connect with a sewer on Albert Street as a Local Improvement under the provisions of the Local Improvement Act.

Passed May 8th, 1916.

WHEREAS Hugh Douglas and others have petitioned the Council to construct as a Local Improvement the work hereinafter described and in the Schedule hereto annexed and the Clerk has certified that the petition is sufficient and it is expedient to grant the prayer of the petition in manner hereinafter provided.

AND WHEREAS the Provincial Board of Health has approved of the construction of said sewer.

WHEREFORE the Municipal Council of the Corporation of the City of Kingston enacts as follows:—

1. That a sewer be constructed on Brock Street from a point 232 feet east of Albert Street thence westerly to connect with a sewer on Albert Street as a Local Improvement under the provisions of the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of a contract for the execution of the work.

3. The work shall be carried on and executed under the superintendence and according to the directions and order of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for the temporary advances of money to meet the cost of the work pending the completion of it.

6. The special assessment shall be paid by twenty (20) annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by Council, and be made payable within twenty (20) years on the sinking fund plan, and, in settling the sum to be raised annually to pay the debt, the rate of interest on investments shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by the payment of such sums as, when invested at four per cent. per annum, will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS, City Clerk. A. W. RICHARDSON, Mayor [L.S.]

SCHEDULE TO BY-LAW NO. 37, 1916.

THIS AGREEMENT made in duplicate this 22nd day of May, A. D. 1916.

BETWEEN THE CORPORATION OF THE CITY OF KINGSTON, hereinafter called the "CORPORATION," of the FIRST PART,

—and—

THE KINGSTON, PORTSMOUTH & CATARAQUI ELECTRIC RAILWAY COMPANY, hereinafter called the "COMPANY," of the SECOND PART.

WHEREAS the Corporation of the City of Kingston and the Kingston Street Railway Company duly entered into an Agreement on the ninth day of May, 1893.

AND WEREAS the said Kingston Street Railway Company has since the making of said Agreement become the Kingston, Portsmouth & Cataraqui Electric Railway Company.

AND WHEREAS the said Company has found its impossible profitably to operate the railway under the existing agreement.

AND WHEREAS the Company has requested the Corporation to modify said agreement.

AND WHEREAS the Corporation has consented to modify the said Agreement as hereinafter provided.

NOW THIS AGREEMENT WITNESSETH:

1. That the said Corporation and the said Company do hereby agree that subsection D of section 16 of said Agreement and the following words in subsection N of said section—"And they shall sell tickets to persons desiring the same at a rate not exceeding twenty-five cents for six tickets for fare between 6.30 a. m. and 10.30 p. m. to any point on the line within the city" be cancelled and the following substituted therefor:

"The Company may collect from every person on entering any of its cars for riding any distance on its railway in the same continuous route between 6.30 a. m. and 10.30 p. m. a sum not exceeding five cents, and between the hours of 10.30 p. m. and 6.30 a. m. a sum not exceeding ten cents (except children under five years of age accompanied by a parent or other person having them in charge, which children shall ride free provided they do not occupy seats). The Company shall grant transfers without additional charge for all continuous trips which are not returns and shall issue workmen's tickets at eight for 25 cents, good during the following hours, namely, 6.30 to 7.59 a. m. and 5.00 to 6.30 p. m., and shall give to children between five and twelve years of age eight children's tickets for 25 cents, and also carry free of charge all police constables in uniform, and all city detectives wearing badges, and no conductor shall collect a higher fare than is allowed by this agreement. The Company may also charge a reasonable compensation, to be approved of by the City Council by By-law, for carrying packages and bundles as common carriers; but no extra charge shall be made for any valise, satchel, market basket or parcel of reasonable size carried by any passenger. These provisions are to supersede the provisions contained in subsections (d) and (n) of section 16 of the Agreement of May Ninth, 1893, and all other provisions as to fares and transfers and as to charges for carrying packages and bundles and for free transportation of certain persons on the Company's cars in existing agreements heretofore made between the said parties."

2. THAT subsection (q) of said section 16 be varied by the deletion of the words at the end of said subsection as follows: "The use of salt for the purpose of removing snow or ice from the track is strictly prohibited."

3. THAT subsection (e) of said section 16 be varied by striking out all the words in said subsection except the words

"The rate of speed of all cars shall be subjected to the direction of the City Council from time to time."

4. THAT subsection (f) of said section 16 be amended by striking out the word "four" in the last line of said subsection and inserting in lieu thereof the word "eight."

5. THAT subsection (i) of said section 16 be varied by the deletion of the words "And on the first appearance of danger the cars shall be stopped in the shortest time and space possible."

The said Company in consideration of said variations and alterations, covenants and agrees to use its best endeavors to operate the said road in such a manner as to permit of its continued operation.

WITNESS the seals of the Company and the Corporation and the signatures of the several presiding ocers thereof the day and year first above written.

2. On the 16th day of June, 1916, at the hour of eleven o'clock in the Mayor's office, the head of the Council of the said Corporation or some member of said Council appointed for that purpose by resolution shall attend at said place in the said municipality for the purpose of appointing, and if requested so to do, shall appoint by writing, signed by him, two persons to attend at the final summing up of the votes by the Clerk, and one person to attend at each polling place on behalf of the persons interested in and desirous of promoting the prpoosed By-law and a like number on behalf of the persons interested in and desirous of opposing the proposed By-law.

This By-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS, City Clerk. A. W. RICHARDSON, Mayor [L.S.]

Ald. White presented By-law No. 39, 1916. The By-law was read a rst time and the 31st rule being suspended by two-thirds vote a second time in the committee of the whole, Ald. Peters in the chair.

BY-LAW NO. 39, 1916.

A By-law to ratify and confirm an Agreement between The Gananoque Electric Light and Water Supply Company, Limited, of the First Part, and the Public Utilities Commission of the City of Kingston of the Second Part.

BE IT ENACTED by the Public Utilities Commission of the City of Kingston as follows:

1. The Agreement hereto annexed and forming the schedule to this By-law is hereby ratified and confirmed.

This By-law shall come in force and take effect on its passing.

SCHEDULE TO BY-LAW NO. 39, 1916, OF THE COUNCIL
SCHEDULE TO BY-LAW NO. 1, 1916, OF THE

THIS AGREEMENT, DATED THE 22nd day of May, A. D. Nineteen Hundred and Sixteen (1916).

BETWEEN

THE GANANOQUE ELECTRIC LIGHT AND WATER SUPPLY COMPANY, LIMITED, herein called the "COMPANY,"

Party of the First Part,

—and—

THE PUBLIC UTILITIES COMMISSION, of the City of Kingston, herein called the "COMMission,"

Party of the Second Part.

WHEREAS by the Public Utilities Act, Chapter 204, of the Revised Statutes of Ontario, 1914, the Public Utilities Commission of any municipality is authorized to procure electrical energy or power for the use of the Corporation of the Municipality and the inhabitants thereof.

AND WHEREAS the Company is in a position to furnish electrical energy to the Commission.

NOW THEREFORE THIS INDENTURE WITNESSTH that in considreation of the premises and of the mutual covenants and agreements herein each of the said parties hereto agree with the other as follows:

1. (a) From and after the first day of November, A.D. 1916, or as soon thereafter as delivery can reasonably be arranged for by both parties hereto, and continuing for five years from the date when power is first taken hereunder, the Company will reserve for and deliver to the Commission as required all the

surplus electrical power from the Company's development at Kingston Mills up to a maximum of Five Hundred (500) electrical horse power. It is mutually agreed hereby that the Company may reserve for itself 150 electrical horse power from the above mentioned development before any power is available for Commission, and only the surplus over and above the first 150 electrical horse power is hereby reserved for the Commission.

(b) To have available at all times for the Commission's use as much of the said surplus (500) electrical horse power as water conditions will permit, and subject to the water rights granted to the Company by the Dominion Government, dated February 18th, 1908, and April 26th, 1913, but at all times to use every reasonable means to keep the available capacity up to the maximum.

(c) To so operate the said Kingston Mills Station as to permit operating other stations in parallel therewith and to co-operate in all reasonable ways with customers taking power from the Commission.

(d) To operate the said Kingston Mills Station so that it may be used to carry the peak loads of the Commission as far as practicable. For example, should water conditions be such that the total surplus power available averages 200 horse power for twenty hours and it is found advantageous for the Commission to use 500 horse power for eight hours, then the water shall be conserved and the power supplied as directed by the Commission.

Peaks shall be carried to the full capacity of the plant after deducting the 150 horse power reserved. In case of any stoppage in any other source of supply of the Commission, then the Company will supply all power available until the cause of such stoppage has been removed. From November 1st until April 30th of each year the Commission agrees to use and the Company agrees to supply not less than 868800 Kilowatt Hours.

2. The Company hereby agrees to reserve and deliver and the Commission agrees to purchase and pay for the said electrical power and energy on the terms and conditions of this Agreement.

3. The Commission agrees:

(a) To pay the Company for power taken under this Agreement, subject to the conditions herein set forth, at the rate of three-quarters cent (¾) per Kilowatt Hour, payable monthly as herein set out.

(b) As far as load conditions will permit to maintain a power factor of ninety per cent. (90%) during the time of maximum demand, and to maintain equality of load upon the phases to within twenty per cent. (20%), so that the difference between

any two phases will not exceed twenty per cent. (20%) of the load on the least loaded phase during the time of maximum demand.

4. (a) The electrical energy to be supplied under this Agreement shall be 3-phase, alternating, at a pressure of 2,300 volts and a frequency of approximately 60 cycles per second, with a variation of not more than five per cent. (5%) above or below normal in either voltage or frequency, and the wave form of the alternating current shall closely approximate a sine curve.

(b) Maintenance by the Company of approximately the agreed voltage at approximately the agreed frequency at the agreed point of delivery shall constitute the delivery of all power involved herein, and when voltage and frequency are so maintained to amount of power its fluctuations, load factor, power factor, distribution as to phases and all other electrical characteristics and qualities are under the sole control of the Commission, its agents, customers, apparatus, appliances and circuits.

(c) The electrical energy to be supplied under this Agreement shall be delivered at the 13200 volt wire entrances of the Municipal Corporation of the City of Knigston's power house on King Street.

(d) The electrical energy to be supplied by the Company under this agreement is to be transmitted from the Company's generating station at Kingston Mills over a suitable transmission line to be built by the Company and to be approved as to design, construction and route by the Commission.

5. The Company may, with the written consent of the Commission, and subject to the Commission's directions, utilize the poles belonging to the City of Kingston within the city limits as far as they are now constructed and available, for the purpose of attaching the Company's cross arms and wires for the delivery of energy under this Agreement. In the event of the Company making use of the City's poles, the Company shall repair and maintain in safe and modern condition all arms, pins, insulators, hardware conductors or other equipment attached by them to the poles belonging to the City of Kingston, subject at all times to the approval of the City and the Commission.

6. The energy delivered under this Agreement shall be measured on the 2300 volt incoming line in the said City of Kingston's power house by means of a standard polyphase watthour meter, to be supplied and maintained by the Commission.

7. Payments shall be made by both parties at the offices of the Commission in Kingston on or before the fifteenth day of each calendar month for the electrical energy used during the previous calendar month, and such payments shall be made from time to time promptly when due, without deductions other

than those expressly provided for by this Agreement. The Company shall render bills to the Commission and the Commission shall render bills to the Company at the Kingston office of the Commission for the said electrical energy taken, on or before the fifth day of each calendar month.

8. The Company further agrees at its own expense to construct, operate and maintain a fireproof generating station at Kingston Mills, and to operate the same in a safe and thoroughly efficient manner and without interruptions save those due to unavoidable water conditions, regulations of the Government, storms, lightnings, acts of God or the King's enemies, war, rebellion, invasion, riot, explosion, fire, floods, or other causes beyond the reasonable control of the Company, and shall be prompt and diligent in removing the causes of interruptions and resuming service hereunder.

For like conditions the Commission shall not be required to take delivery of power or pay for the same, but shall as promptly as possible accept service upon removal of the causes or interruptions of power supply.

9. If by reason of it becoming necessary for the purposes of repairs, or other good causes, to make an interruption of the service the Company may for the purpose of making repairs or for such other good cause from time to time after due notice given to the Commission of an intended interruption to the service, cut off or interrupt the same: Provided, however, that the time of such interruption shall be that time during forty-eight hours following the receipt of said notice by the Commission which may be reasonably selected by the Commission, and that such interruption shall not last for a greater length of time than sixty minutes in any consecutive twenty-four hours, nor shall the total number of such interruptions amount to any more than three in any calendar month.

10. Nothing herein contained shall relieve the Company from full responsibility for any accident or damage occurring on or by the lines belonging to the Company: but no responsibility shall attach to the Company beyond the point of delivery to the Commission at the 13200 volt wire entrances to the Kingston City power house.

11. The meters for the measurement of the power to be supplied under this Agreement shall be tested and calibrated from time to time by the Commission and kept as accurate as possible.

Said meter or meters shall be subject to test as to accuracy by either party hereto, but only after written notice has been sent six days in advance to the other party, stating the date and time of proposed test, so that a representative of both parties may be present to witness such test.

In the event of such meters being found inaccurate, they shall forthwith be repaired and made good or new ones substituted therefor by the Commission. Bills for power for the month preceding such test when inaccuracy is proved shall be corrected in proportion to the inaccuracy found, and shall be in full settlement for all claims arising previously out of the inaccuracy of said meters. Disputes as to degree of accuracy shall be referred to the Department of Inland Revenue, whose decision on this matter shall be final.

12. All claims or counterclaims for the preceding month arising under this agreement shall be made in writing before the last day of the month, and shall be final for all claims that may have arisen during the said preced'ng month. If any such claims be not allowed by the opposite party, the parties hereto agree to promptly submit the questions to three arbitrators to be appointed as provided in the Arbitration Act, R. S. O. 1914. Any such arbitration shall be conducted with all possible despatch, and the award in writing shall be final and binding upon the parties hereto, and there shall be no appeal therefrom, either from question of law or of fact. The expense of such arbitration shall be borne by the parties hereto in such proportion as may be determined by the said arbitrators.

13. The engineers representing either party to this Agreement, or any other person or persons appointed for the purpose by the said parties, shall have the right from time to time during the continuance of this Agreement to inspect the electrical apparatus and plant of the other party and to take records at all reasonable hours on giving the other party thirty-six (36) hours' notice of intention to make such inspection and to take such records.

14. This Agreement may be extended for a term of five years by written mutual agreement of both parties hereto.

15. If the Commission should enter into a contract for a supply of hydro power from any other source during the currency of this Agreement or any extension thereof, the Commission agrees to sell and the Company agrees to purchase from May 1st until November 30th during the remained of the term of this Agreement or any extension thereof whatever off-peak power it requires up to a maximum of 200 kilowatts at the rate of three-quartres cent (¾) per Kilowatt Hour, in all not less than 513,600 Kilowatt Hours per each said season, delivered at the point where the Company delivers to the Commission and measured at the same place as the Company's power is measured upon the same or similar terms and conditions as the above under which the Company sells and delivers their power to the Commission in so far as such terms and conditions may or can

be made applicable of the purchase of power by the Company from the Commission: Provided, however, that the sale of such power by the Commission will not increase the yearly peak of the Commission.

16. This Agreement shall extend to and be binding upon and enure to the benefit of the successors and assigns of the parties hereto.

I WITNESS WHEREOF the parties have affixed their Corporate Seals and hands of their proper officers.

Ald. Peters presented By-law No. 40, 1916. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Stroud in the chair, and was signed and sealed as follows:

BY-LAW NO. 40, 1916.

A By-law to authorize the construction of a sewer on the west side of Alma Street from the northerly limit of Lot No. 14, northerly 90 feet as a Local Improvement under the provisions of the Loval Improvement Act.

Passed May 22nd, 1916.

WHEREAS the local Board of Health of this Municipality has recommended the construction of a sewer on the west side of Alma Street from the northerly limit of Lot No. 14, northerly 90 feet, and it is therefore necessary and desirable in the public interest on sanitary grounds to construct such sewer according to such recommendation as a Local Improvement.

AND WHEREAS the Provincial Board of Health has approved of the construction of said sewer.

AND WHEREAS notice of the intention of the Council to undertake the construction of said sewer has been duly published.

THEREFORE the Municipal Council of the Corporation of the City of Kingston enacts as follows:

1 (a) That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of said sewer on the west side of Alma Street from the northerly limit of Lot No. 14, northerly 90 feet, should be undertaken as a Local Improvement under the Local Improvement Act.

(b) That as above determined and declared a sewer be constructed on the west side of Alma Street from the northerly limit of Lot No. 14, northerly 90 feet, as a Local Improvement under the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of a contract for the execution of the work .

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into wtih some person or persons, firm or corporation, subject to the approval of this Council, to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for the temporary advances of money to meet the cost of the work pending the completion of it.

6. The special assessment shall be paid by twenty annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by Council, and be made payable within twenty (20) years on the sinking fund plan, and, in settling the sum to be raised annually to pay the debt, the rate of interest on investments shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is especially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by the payment of such sums as, when invested at four per cent.

per annum, will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

Ald. Peters presented By-law No. 41, 1916. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Wright in the chair, and was signed and sealed as follows:

BY-LAW NO. 41, 1916.

A By-law to authorize the construction of sheet asphalt pavements in the streets and parts of streets in the City of Kingston set out in the schedule hereto annexed as local improvements under the provisions of the Local Improvement Act.

Passed May 22nd, 1916.

WHEREAS it is expedient that the construction of the sheet asphalt pavements on a four-inch concrete base on the streets and parts of streets set out in the schedule hereto annexed shall be undertaken as local improvements, and notice of the intention of the Council to undertake such work has been duly published.

THEREFORE the Municipal Council of the Corporation of the City of Kingston enacts as follows:

1. (a) That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of Council, that it is desirable that the construction of each of the said sheet asphalt pavements on a four-inch concrete base in the streets and parts of streets set out in the schedule hereto annexed should be undertaken as a local improvement under the provisions of the Local Improvement Act.

(b) That, as above detremined and declared, each of the said sheet asphalt pavements be constructed as a local improvement under the provisions of the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of a contract for the execution of the work.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into

with some person or persons, firm or corporation, subject to the approval of this Council, to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

6. The Special Assessment shall be paid by ten annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by Council, and be made payable within ten years on the sinking fund plan, and, in settling the sum to be raised annually to pay the debt the rate of interest on investment shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is especially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot without the interest forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by the payment of such sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

By-law No. 44, 1916.

A By-law to ratify and confirm an Agreement with Canadian National Features, Limited.

Passed 1916.

WHEREAS the Corporation of the City of Kingston and Canadian National Features, Limited, have entered into an Agreement set forth in Schedule "A" hereto annexed which agreement shall be taken to form part of this By-law.

AND WHEREAS the said Canadian National Features, Limited propose to establish in the City of Kingston a manufacturing industry within the meaning of the Municipal Act, and more especially of section 278, sub-section (2) thereof.

AND WHEREAS it is expedient to pass this By-law and submit the same to the electors of this Municipality to carry out the terms of said Agreement and to authorize the issue of debentures of this Corporation to the amount of $2,800 for the purpose of granting aid by way of bonus for the promotion of manufactures within said Municipality, to wit, the manufacture of moving pictures.

AND WHEREAS the amount of the debt to be carried by this By-law is $2,800.

AND WHEREAS the total amount required to be raised annually during the currency of said debt by a special rate on

the rateable property liable thereto for paying the said debt and interest as hereinafter provided is $647.00.

AND WHEREAS the amount of the existing debenture debt of the said Municipality exclusive of the local improvement debts, secured by special rates, acts or assessments is $1,399,-968.69 and no part of the same or of the interest thereon is in arrear.

AND WHEREAS the amount of the whole rateable property of the said Municipality according to the last revised assessment roll being for the year 1916 is $12,741,574.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows, three-fourths of all the members being present and voting in favor of the same:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate who may be willing to lend the same upon the credit of the corporation by the issue of the debentures hereinafter mentioned th sum of $2,800 and to cause the same to be paid into the hands of the Treasurer for the purpose of this By-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than $100 each and not exceeding in the whole the said sum of $2,800 and the said debentures shall be sealed with the seal of the said Corporation and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of $2,800 by way of loan as aforesaid for the purpose aforesaid.

3. The said debt shal lbe payable in five years from the first day of July, 1916, at the office of the Treasurer of the said City of Kingston in the said City.

4. The said debentures shall all bear the same date and shall be issued within two years after the day on which this By-law is passed.

5. The said debentures shal lbear interest at the rate of five per cent per annum from the first day of July, 1916, which interest shall be payable half-yearly on the first day of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston and the said debentures shall have interest coupons attached to them which coupons shall be signed by the said Treasurer.

6. The said debt of $2,800 shall be payable in annual instalments within five years from the first day of July, 1916, and the

said instalments shall be of such amounts that the aggregate amount payable for principal and interest in any year in respect of the debt shall be equal, as nearly as may be, to what is payable for principal and interest during each of the other years of said period and the said debentures shal lbe issued accordingly.

7. For the payment of the said debt and the interest to become due thereon an annual sum of $647.00 shall be raised in each year for the said period of five years by a special rate upon all the rateable property in the said Municipality.

8. The Agreement hereto annexed and forming Schedule "A" attached to this By-law is hereby ratified and confirmed and shall be deemed to be a part of this By-law.

This By-law shall come in force and take effect on its passing.

SCHEDULE "A"

ARTICLES OF AGREEMENT made and concluded this day of June, 1916.

BETWEEN:

THE CORPORATION OF THE CITY OF KINGSTON, hereinafter called the "CORPORATION" of the FIRST PART

and

CANADIAN NATIONAL FEATURES LIMITED, hereinafter called the "COMPANY" of the SECOND PART.

WHEREAS the Company has been organized for the purpose of manufacturing moving pictures and is desirous of establishing its business in the City of Kingston and has made certain proposals to the Corporation.

AND WHEREAS the Corporation has accepted the proposals of the Company and the parties hereto have agreed to execute these articles in order to carry out the said proposals.

NOW THIS AGREEMENT WITNESSETH that the parties hereto covenant, promise and agree each with the other of them as follows:

(1). The Corporation shall demise and lease by a good and sufficient lease unto the Company for a term of five years from the first day of August, 1916, the lands and premises known as the Exhibition Grounds in the City of Kingston at an annual rental of One Hundred dollars payable quarterly, but the Com-

pany shall not assign said lease or sub-let the premises without the written consent of the Corporation previously obtained, provided that the Corporation reserves thereout for its own use and occupation that part of said lands and premises on which there are buildings other than the Crystal Palace and also that part required for the asphalt plant of the Corporation, said lands so reserved being more particularly described in said lease, and provided also that the Corporation reserve thereout two rights-of-way each twenty feet wide, one from the gate way at the south-east corner of said lands to the lands hereby reserved and the other from the gate way opening from Alfred Street to the lands hereby reserved.

(2) The Corporation at any time on giving one month's notice to the Company shall have the use and occupation of the Exhibition Grounds free of charge for at least four days in each year during the currency of this Agreement, but not for a greater number of days without the written consent of the Company, provided that the Corporation shal not use or occupy that part of the Crystal Palace used and occupied by the Company as a studio.

(3) The Corporation shall have the use of the Exhibition Grounds and that part of the Crystal Palace not used by the Company as a studio free of charge for the Kingston Industrial Exhibition to be held September 26, 27 and 28, 1916.

(4) The Corporation shall supply to the Company free of charge such water and light as are necessary for its business, but the cost of such water and light is not to exceed $400.00 per annum for each acting Company operating in Kingston.

(5) The Corporation shall at its own cost and charge repair the building known as the Crystal Palace on said lands and shall install a heating plant therein sufficient for the purpose of the Company; provided that the total cost of said repairs and said heating apparatus installed shall not exceed $2,000. (Two Thousand Dollars).

(6) The Corporation shall place in the said Crystal Palace two stand pipes for fire protection and shall connect the said building by means of a proper drain with the sewer system of the Corporation.

(7) The Company, within two weeks after the said Crystal Palace is repaired and provided with heating apparatus as stated in paragraph 5 of this Agreement shall produce merchantable moving pictures to the satisfaction of the Mayor and City Engineer of the said Corporation.

(8) The Company shall employ at least 40 persons in its business in the City of Kingston, shall expend at least $80,000 per year in wages in said City and shall also expend at least $15,000 in providing plant and equipment for its business in said City.

(9) The Company shall continue the production of said moving pictures on said Exhibiton Grounds for a period of five years from the first day of August, 1916.

(10) The Company shall during the said period of five years operate for at least nine months in every year and produce said moving pictures. Should the Company fail to operate as specified herein or fail to begin the production of moving pictures within one month from the time when it takes possession of said land and premises, then and in either of such cases the Company shall forfeit all the lands, rights, easements and privileges vested in it in or by virtue of this agreement and the said proposed lease, and the said land shall thereupon revert to and become vested in the Corporation as of its former estate together with all buildings, structures, erections and improvements placed thereon freed and exonerated from all liens, claims, charges and encumbrances made, permitted or created by the Company thereon or in resepct thereof.

(11) The Company shall concurrently with the execution of this Agreement by the Corporation deliver to the Corporation a good and sufficient bond satisfactory to the Corporation in a form to be approved by the Solicitor of the Corporation in the penal sum of $3,000 conditioned for the due observance, faithful performance and full completion by the Company of the things herein on their part contracted by them to be done, observed and performed.

(12) The Company shall deposit with the Treasurer of the Corporation immediately after the signing of this Agreement the sum of $300 to cover the cost of advertising this Agreement and the By-law validating the same which amount shall be returned to the Company if and when the said By-law is defeated or when the Company has commenced the manufacturing of merchantable moving pictures.

(13) This Agreement and the several parts of the same shall be respectively binding upon the successors and assigns of the parties hereto in all respects as if expressly named herein.

IN WITNESS WHEREOF the parties hereto have executed this Agreement by affixing their several seals and the Mayor of the Corporation and the proper officer or officers of the Company have hereto set their hands the day and year first above written.

SIGNED, SEALED and DELIVERED

By-law No. 47, 1916.

A By-law to raise by way of loan on the credit of the debentures of the Municipality of the City of Kingston the sum of $60,000 for Patriotic purposes.

Passed July 17th, 1916.

WHEREAS by an Act of the Ontario Legislature, George V., Chapter 37, entitled, "An Act to Authorize and Confirm Grants by Municipal Corporations for Patriotic Purposes," and the amendments thereto, any Municipal Corporation may pass by-laws for granting aid to the Canadian Patriotic Fund and the other Patriotic purposes therein set out.

AND WHEREAS the Council of the Corporation has already granted aid to certain of these purposes and proposes to grant further aid, the total amount of such further aid being $60,000 and it is necessary and expedient to grant such aid and for that purpose to raise the sum of $60,000 by way of loan in the manner hereinafter provided.

AND WHEREAS the amount of the debt to be created by this By-law is $60,000.

AND WHEREAS the total amount required to be raised annually by special rate on all the rateable property of the Municipality liable thereto for paying the said debt and interest as hereinafter provided is $5,016.

AND WHEREAS the amount of the whole rateable property of the said Municipality, according to the last revised assessment roll of the said Municipality, being for the year 1916, is $12,741,574.

AND WHEREAS the amount of the existing debenture debt of the said Municipality, exclusive of the Local Improvement debts, secured by special act, rates or assessments is $1,399,968.69 and no part of the same or of the interest thereon is in arrear.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. It shall be lawful for the Mayor of the said Corporation, for the purposes aforesaid, to raise by way of loan upon the credit of the Corporation by the issue of Debentures hereinafter mentioned, from any person or persons, body or bodies corporate who may be willing to advance the same, a sum of money not

exceeding in the whole the said sum of $60,000 and to cause the same to be paid into the hands of the Treasurer of the said Corporation for the purpose aforesaid.

2. It shall be lawful for the said Mayor for the purpose of said loan, to cause any number of debentures to be made for such sums of money as may be required, not less than One Hundred Dollars each, which said debentures shall be sealed with the seal of the said Municipality and signed by the said Mayor and countersigned by the said Treasurer and together shall not exceed the sum of $60,000.

3. The said debt shall be payable in 20 years from the First day of July, 1916, at the office of the Treasurer of the said City of Kingston in the said City.

4. The said debentures shall all bear the same date and shall be issued within two years after the day on which this By-law is passed.

5. The said debentures shall bear interest at the rate of five per cent. per annum from the first day of July, 1916, which interest shall be payable half-yearly on the first day of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston and the said debentures shall have interest coupons attached to them which coupons shall be signed by the said Treasurer.

6. There shall be raised annually during the currency of the said debentures the sum of $3000 for the payment of the interest thereon, and the sum of $2016 to form a sinking fund for the payment of the said debt, the said sums making together the annual amount of $5,016 to be raised, levied and collected in each year during the period of twenty years by an annual special rate sufficient therefor to be levied on the whole rateable proprty in the said Municipality.

This By-law shall come in force and take effect on its being approved by the Lieutenant-Governor in Council.

(Signed)

W. W. SANDS, City Clerk.

A. W. RICHARDSON, Mayor [L.S.]

BY-LAW NO. 49, 1916.

A By-law to authorize the construction of a sewer in King street from Union street southerly 172 feet as a Local Improvement under the provisions of the Local Improvement Act.

Passed October 10th, 1916.

WHEREAS the Local Board of Health of this municipality has recommended the construction of a sewer in King street from Union street southerly 172 feet as a Local Improvement under the provisions of the Local Improvement Act, and it is therefore necessary and desirable in the public interest on sanitary grounds to construct such sewer according to such recommendation as a Local Improvement.

AND WHEREAS the Provincial Board of Health has approved of the construction of said sewer.

AND WHEREAS notice of the intention of the Council to undertake the construction of said sewer has been duly published

THEREFORE, the Municipal Council of the Corporation of the City of Kingston enacts as follows:

1. (a) That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of the Council that it is desirable that the construction of said sewer in King street from Union street southerly 172 feet, should be undertaken as a Local Improvement under the Local Improvement Act.

(b) That as above determined and declared a sewer be constructed in King street from Union street southerly 172 feet as a Local Improvement under the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of a contract for the execution of the work.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for the temporary advances of money to meet the cost of the work pending the completion of it.

6. The special assessment shall be paid by twenty annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by Council, and be made payable within 20 years on the sinking fund plan, and, in settling the sum to be raised annually to pay the debt, the rate of interest on investments shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by the payment of such sums as, when invested at four per cent.

per annum, will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

BY-LAW NO. 53, 1916.

A By-law to authorize the construction of sewers in the streets and parts of streets in the City of Kingston set out in the schedule hereto annexed as Local Improvements under the provisions of the Local Improvement Act.

Passed Nov. 6th, 1916.

WHEREAS it is expedient that the construction of the work set out in the schedule hereto annexed shall be undertaken as a local improvement, and notice of the intention of the Council to undertake such work has been duly published.

AND WHEREAS the Local Board of Health of this Municipality has recommended the construction of the work set out in the schedule hereto annexed.

AND WHEREAS the Provincial Board of Health has approved of the construction of said work.

THEREFORE, the Municipal Council of the Corporation of the City of Kingston enacts as follows:—

1. (a) That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of Council, that it is desirable that the construction of the said sewer on the streets and parts of streets set out in the schedule hereto annexed should be undertaken as a Local Improvement under the provisions of the Local Improvement Act.

(b) That as above determined and declared. the said sewer be constructed as a Local Improvement under the provisions of the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of a contract for the execution of the work.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and the Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation subject to the approval of this Council to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

6. The special assessment shall be paid by twenty annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by Council. and be made payable within twenty (20) years on the sinking fund plan, and, in settling the sum to be raised annually to pay the debt, the rate of interest on investments shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by the payment of such sums as, when invested at four per cent.

per annum, will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

Ald. Gillespie presented By-law No. 55, 1916. The By-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Nickle in the chair, and was signed and sealed as follows:—

BY-LAW NO. 55, 1916.

A By-law for Licensing and Regulating Milk and Cream Vendors and for Providing for the Inspection of Milk, Cream, Cows, Cow Byres and Dairies.

Passed Nov. 20th, 1916.

The Council of the Corporation of the City of Kingston enacts as follows:—

1. No person shall sell milk or cream or produce or offer or keep or supply the same for sale in the City of Kingston either directly to the consumer or to shops or stores or in wholesale quantities to any person to be afterward sold or delivered by such

person to the consumer, without having first obtained a license to do so under the provisions of this By-law.

2. The said license shall be issued by the Treasurer of the said City of Kingston, the applicant first to obtain a certificate from the Medical Officer of Health that the applicant has, with respect to his cattle, premises and equipment, complied in all respects with the provisions of "The Ontario Milk Act," and of this By-law and upon payment of the fees hereinafter provided.

3. Before applying for the said license, the applicant shall apply to the Medical Officer of Health for the inspection of his cattle, premises and equipment, and before receiving such license such applicant shall sign an agreement in the form contained in Schedule "A" of this By-law.

4. The Treasurer shall issue a license in the form contained in Schedule "B" appended to this By-law to each dairyman or milk vendor applying therefor, who complies with the terms of this By-law.

5. The fee for every license to be issued under this By-law shall be $2.00, which fee shall entitle the licensee to the use of one wagon or vehicle for the sale or delivery of milk or cream, and $1.00 additional shall be paid for each additional wagon or vehicle used for the sale or delivery of milk or cream. All fees shall be paid to the City Treasurer before the license is issued, and every license shall continue for one year from the date of issue unless sooner revoked, and no license shall be transferable.

6. Every milk vendor who sells or vends milk within the City of Kingston shall have and keep on the premises in which the milk is sold and upon every wagon, sleigh or other vehicle, in which the milk is conveyed, a sign, on which shall be inscribed in plain and legible characters the name of such person and his registered number as shown by the license issued to such person.

7. Every milk or cream vendor, his servant or person employed by him, shall produce and exhibit his license whenever required to do so by the Medical Officer of Health of the said City of Kingston, or any inspector or other person duly authorized to demand its production.

8. Any license granted hereunder may be revoked and cancelled at any time by the Board of Health of the said City of Kingston upon its being proved, to the satisfaction of the said Board, that the holder thereof has violated or failed to comply with any provision of "The Ontario Milk Act," or this By-law.

9. (a) The Medical Officer of Health or any Inspector assigned by him shall have power to prohibit the sale of milk for

consumption within the City of Kingston, which in his judgment is produced or handled contrary to the provisions of "The Ontario Milk Act" or this By-law.

(b) Every such Inspector shall have the right to inspect the premises of every vendor licensed to sell milk within the City of Kingston to see that the requirements of said Act and this By-law and the regulations enacted hereunder, are fully complied with, and to take samples of milk for examination and testing.

(c) Every such Inspector shall have the right of entrance to the premises, no matter where located, of every person producing milk for sale or consumption within the City of Kingston, of fully inspecting the same, and of taking for examination and having tested samples of milk produced therein and of the water supplied to cows or used in cleansing dairy utensils.

(d) Every such Inspector shall have the right to inspect and to take samples of milk for sale or consumption within the City of Kingston while in transit, and shall have the right of entrance to any premises in order to procure samples of such milk.

(e) The result of all said tests shall be open to public inspection at all reasonable times and may be published by the Medical Officer of Health if he so desires.

10. No person shall sell or offer for sale in the said City of Kingston any milk or cream which is unwholesome or unfit for human food or any milk which has been adulterated or reduced or changed by the addition of water or other substance, or by the removal of cream, or from which strippings have been held back, or which contains less than 3.25 per cent. butter fat and 12 per cent. total solids, or the temperature of which is higher than fifty degrees Fahrenheit, nor milk known as swill milk, nor milk from cows or other animals fed upon (a) distillery slop, (b) starch factory by-product, except gluten meal and gluten feed, (c) garbage or other like substance, but skimmed milk may be sold as such if contained in cans bearing upon their exterior the word "skimmed" placed conspicuously in letters not less than two inches in length and served in measures also similarly marked. No person shall supply skimmed milk unless such quality of milk is asked for by the purchaser.

11. (a) All cows producing milk for sale for domestic consumption within the City of Kingston must be kept clean. Manure must not be permitted to collect upon the tail, siles, udder or belly of such cows. The teats and udder of all cows are to be wiped with a damp cloth before milking, so as to remove thoroughly from them all manure, and foreign substance which may contaminate the milk. The milkers must wash their hands be-

fore milking, and must exercise reasonable care as to cleanliness of their person and clothing.

(b) All cow-byres, stables, premises and places where cows are kept shall be kept clean and dry and thoroughly lighted, ventilated and drained; the walls and ceilings of the said stables shall be free from dust and cobwebs and accumulations of manure, and shall be whitewashed in the months of May and October in each year, and no inhabited room, workhouse, storehouse, privy, cesspool, or urinal, and no fowl, hog, horse, sheep or goat shall be located within the same. All yards and premises adjoining such cow-byres, stables and places shall be maintained in a suitable, cleanly and sanitary condition. Manure, dirt and decayed matter shall not be allowed to accumulate in such yards or premises, and shall not be at any time in the stable, dairy or milk house, or within twenty-five feet of contact with the same, and shall be removed at frequent intervals, and all such stable yards and premises shall be kept well drained, dry and free from pools. The milk house must have tight, sound floor, must be kept clean, well lighted and ventilated, and must not be used for any purpose except the handling of milk.

(c) No milk or cream shall be sold from cows supplied with or having access to bad or impure drinking water. The water used in the barn for washing milk utensils must be free from contamination.

(d) All wagons, carts or vehicles used for the sale or distribution of milk in the City of Kingston shall, as often as may be necessary, be scrubbed on the inside with washing soda in hot water or other efficient cleanser so as to keep them at all times scrupulously clean. And all drivers of such wagons, carts or vehicles shall use every precaution in the distribution of the milk to their customers to keep it free from dust, dirt, bacteria or other contamination.

(e) All cans, bottles, measures or other vessels used for milk or cream shall be kept clean and be thoroughly washed before milk or cream is put into them. No cans, bottles or other utensils used in the distribution of milk shall be used for any other purpose whatsoever, and all such cans, bottles and other utensils must be thoroughly cleansed before again being used.

(f) No person or company shall stable or keep cows or goats within the municipality for private or commercial purposes unless a permit is granted by the Medical Health Officer. A license fee of One Dollar ($1.00) shall be charged for each animal, good for one year from date of issue unless revoked by the Medical Health Officer.

All persons or parties who keep or maintain cows or goats upon their premises will abide by the regulations as set forth in this By-law for the proper inspection of their premises.

(g) All milk or cream to be sold in the City of Kingston shall be removed from the stable to a milk house as soon as drawn, and strained through several layers of cheese cloth; and if aerated, this must be done with an aerator approved by the Medical Officer of Health of the said City of Kingston, scrupulously clean and iced, and in a clean place free from dust and odors; and the milk must then be covered and kept cold in a refrigerator or ice water vat, at a temperature not higher than 50 degrees Fahrenheit, and such ice water vat must be kept well iced.

(h) All dairies or other places where milk or cream is sold or kept for general use, shall be thoroughly drained and well lighted and ventilated, and at all times kept clean throughout and in a sanitary condition.

(i) In stores or shops every refrigerator or other receptacle where milk or cream is kept or stored for sale or general use, shall be kept at a temperature not higher than 50 degrees F., shall be used for milk or cream only, and be at least twenty-five feet distant from any privy, water or other closet, stable, hog-pen, or outhouse, and shall not be exposed to the air of any living or sleeping room or of any business or other surroundings that may tend to make milk or cream foul or impure.

(j) Milk or cream must not be transferred from cans to bottles or other vessels on the street, except when transferred to the vessels of the purchaser at time of delivery, and the contents of the can must be thoroughly mixed before measuring out the quantity to be sold.

(k) No bulk milk or cream shall be carted, delivered or sold in this Municipality to any household or private family or citizen on and after the last day of December, 1916.

(l) All milk or cream delivered to householders, private family or citizen, must be delivered in properly sealed standard measure milk bottles, on and after the last day of December, 1916.

(m) Vendors and dealers having contracts to supply hotels, restaurants, boats, trains, public and private institutions (except private boarding houses) in quantities of not less than one imperial gallon are exempt from the above regulations "k" and "l."

(n) The Medical Officer of Health shall have authority to make or cause to be made, from time to time, such bacteriological tests of milk produced for sale or offered for sale of consumption within the City of Kingston as he may deem necessary, and may publish such tests if he so desires.

(o) No milk or cream shall be sold from cows which may be

unhealthy, sick or receiving medicine, or with inflamed or in any way abnormal udders or while in heat, unless kept from the rest of the herd during that period, nor from cows within thirty days before or six days after calving, nor from any cows which, upon physical examination by a duly qualified veterinary surgeon, shall be declared to be suffering from tuberculosis of the udder or milk glands, or whose milk, upon bacteriological or microscopical analysis, is shown to contain tubercle bacilli or which is known to be suffering from splenic fever or anthrax, or any other general or local disease which is liable to render milk from such cow a menace to the public health. When any doubt arises as to any cow being affected with any of the diseases above mentioned, it shall be the duty of the Inspector to notify the owner that the milk of such cow must not be sold or offered for sale until a permit to do so has been granted by the Board of Health of the Municipality in which such milk is being consumed; and upon such notice being given, no milk from such cow shall be sold until said permit has been granted.

(p) The Sanitary Inspector shall at any time have the right to take samples of milk from delivery carts and pass the milk through his dirt tester in the presence of the vendor or his servant, and thus determine the presence of any foreign substance. If on a second test so made the milk is found to contain too high a percentage of foreign matter the vendor's license shall be cancelled until the Sanitary Inspector is satisfied that the milk is fit for consumption.

12. Cream shall contain 18 per cent. butter fat, and no milk shall be sold as cream containing a lesser percentage of butter fat unless such percentage is clearly shown upon the vessel from which said cream is supplied, for the information of the purchaser.

13. All dairymen and vendors of milk or cream, and all persons supplying milk or cream for sale in the City, and all drivers of milk or cream wagons or vehicles, having the milk or cream in their posession at the time, shall furnish the Medical Officer of Health or Inspector with such samples of milk or cream as he or they may require from time to time, and at such places as the samples may be demanded from them, the quantity of milk or cream contained in any such samples to be paid for at the current price, if payment is required therefor at the time.

14. Every sample of milk or cream shall have a label attached to the vessel containing it, which shall have written thereon, at the time of collecting, the number of the sample, date of collection, and the initials of the Inspector, who shall at once enter in a book (carried for that purpose), for future reference a corre-

sponding number with the name of the owner and driver from whom the said sample is obtained, but no such sample shall be used as evidence for a prosecution unless the Inspector shall deliver a duplicate thereof in a sealed bottle or vessel to the person from whom said sample is obtained.

15. Each sample shall be examined separately, according to its number by the Medical Officer of Health or Inspector, who shall register the percentage of butter fat opposite the corresponding number in the book kept for that purpose, the name of the owner to be subsequently inserted.

16. Every person vending or offering milk or cream for sale in the said City of Kingston shall give full information, if required, to the Medical Officer of Health as to the source of his supply, and shall not sell milk or cream from any source condemned by the Medical Officer of Health of the said City.

17. It shall be unlawful to apply the term "certified" to any milk which does not comply with the following standard:

(a) It shall be taken from cows semi-annually subjected to the tuberculin test and found without reaction.

(b) It shall contain not more than 10,000 bacteria per cubic centimetre from June to September, both inclusive, and not more than 5,000 bacteria per cubic centimetre from October to May, both inclusive.

(c) It shall be free from blood, pus, or disease-producing organisms.

(d) It shall be free from disagreeable odor or taste.

(e) It shall have undergone no pasteurization or sterilization and be free from chemical preservatives.

(f) It shall be cooled to 45 degrees F. or under within half an hour after milking, and kept at that temperature until delivered to the consumer.

(g) It shall contain 12 to 13 per cent. of milk solids, of which at least three and one-half per cent. is butter fat.

(h) It shall be from a farm the herd of which is inspected monthly by the veterinarian, and the employees of which are examined monthly by a physician.

Provided that no milk shall be sold as "certified" until a certificate setting forth that the above conditions have been complied with is obtained from time to time from the Medical Officer of Health of the City of Kingston.

18. It shall not be lawful to apply the word "pasteurized" to any milk unless all portions have been subjected for at least twenty and not more than thirty minutes to a temperature of not less than 140 and not more than 150 F., and then at once cooled to 45 F. or under and kept at that temperature until delivered to

the consumer, and the process of pasteurization shall be subject to inspection by the Medical Officer of Health of the City of Kingston or such Inspector as he may designate; provided always that all such milk shall in all other respects be subject to all the terms and conditions of this By-law.

19. (a) No person suffering from, or who has knowingly within a time prescribed by the regulations of the Provincial Board of Health been exposed to diphtheria, scarlet fever, tytyphoid fever, erysipelas, smallpox, anthrax or venereal disease or any infectious skin disease shall work or assist in the production, transportation or vending of milk, and no proprietor, manager or superintendent of any dairy or dairy farm shall knowingly permit any person suffering or exposed as aforesaid to work or assist in the production, transportation or vending of milk and the sale of milk produced or handled under such circumstances may be forthwith prohibited by the Inspector.

(b) Under no circumstances shall a milk vendor or his servant, employee or driver take from a quarantined house any money, can, bottle, or other utensil, or enter such house for any purpose whatever without written permission from the Medical Officer of Health of the said City.

20. All milk or cream sold or offered or kept or supplied for sale in the City of Kingston, and all milk or cream which is intended to be sold or offered or kept or supplied for sale in the said City, all cows and all dairies and other places from which such milk or cream is obtained, all cow-byres, stables, premises and places where cows are kept for the supply of any such milk or cream, all yards and premises adjoining such cow-byres, stables, premises and places, and the premises of any licensee under this By-law shall be subject to regular inspection by the Medical Officer of Health or Inspectors under the direction of the Local Board of Health of the City of Kingston, whether such milk or cream, cows, dairies, cow-byres, stables, premises and places where cows are kept, yards and premises are kept or situate within the City of Kingston or elsewhere, and no person shall do any act to prevent such inspections.

21. Every dairyman, and vendor of milk or cream in the said City, and every person who supplies such person with milk or cream shall permit all his milk cows and cow byres, yards and premises and all dairies and other places in which milk or cream is sold or kept for general use, whether the same are within the limits of the City or elsewhere, to be inspected by the Medical Officer of Health or any Inspector of the said City whenever any such officers may desire to do so.

22. Every dairyman or milk vendor shall immediately notify the Medical Officer of Health or an Inspector upon making any change or removal of his dairy or cow-byres, or any change in the source or sources of his supply of milk or cream, or any change from the particulars given in his application for a license, and in the event of his not doing so, his license may be revoked or cancelled.

23. The proprietor of any store or shop licensed to vend milk or cream in the City of Kingston shall have his license posted up in a conspicuous place in such shop or store.

24. The provisions of this By-law shall apply to all dairymen and to all milk or cream vendors who sell, or produce, or offer, or keep or supply milk or cream for sale in the City of Kingston, either directly to the consumer or to shops, stores or to any person to be afterwards sold or delivered by such person to the consumer and to milk or cream sold or offered or kept for sale by such dairymen, milk or cream vendors in the City of Kingston, or elsewhere and to all cows and dairies from which such milk or cream is obtained, whether such cows and dairies are kept in the said City of Kingston or elsewhere and to al lcow-byres, yards and premises and places where cows are kept for the supply of such milk or cream and to the yards and premises adjoining such cow-byres and places whether such cow-byres and places where cows are kept are in the City of Kingston or elsewhere.

25. (a) Any person violating any of the provisions of this By-law or regulations passed hereunder, shall incur a penalty of not less than $1.00 nor more than $50.00.

(b) The Ontario Summary Convictions Act shall apply to every prosecution under this By-law.

26. Sections 33 to 44, both inclusive, of By-law No. 12 of the Revised By-laws of the City of Kingston, 1907, are hereby repealed.

27. This By-law shall come in force and take effect upon its being approved by the Minister of Agriculture.

Board of Works.

Ald. Peters presented report No. 74 (a) from the Board of Works as follows:

1. That in accordance with Resolution of Council No. 7, Minutes of Council Nov. 20th, 1916, this Board, with the city officials, met Mr. W. J. Uren, Supt. C. P. R., with other officials of the C. P. R., viz., Messrs. Bamford, Rudder, Telford and Mussen, in the Mayor's office on Dec. 6th, 1916, discussed at length the account re the construction of the siding to the Reliance Moulding Company's plant by the C. P. R. Co. in 1914, and also the application of this corporation to be furnished with a siding contract in connection with the above siding, when the following was agreed to by both parties as a final settlement to this date:—

(a) **Perishable Materials.**

Amount deposited by the Corporation	$3,440 00
Actual cost of construction	3,018 74
Balance due the Corporation	$ 331 26
(See Board of Works file for detail.)	
Credit note received by the Corporation June 22, 1915	258 97
Balance due Corporation on Dec. 6, 1916	$ 72 29

(b) **Non-Perishable Materials.**

Statement of Cost as rendered by the C. P. R.	$1,675 00

Garbage and Refuse.

Ald. Wright presented report No. 75 from the Committee on Garbage and Refuse as follows:—

Kingston, Dec. 14th, 1916.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Garbage and Refuse begs leave to report and recommend as follows:

1. That the salary of the Inspector be increased $100.00, to date from January 1st 1917.

2. That this Committee pay one-third of the cost of the telephone for the Inspector.

3. The wages paid to the teamsters and helpers for the first six months was $5.965.07, for the last six months $5,602.39, a saving of $362.68. The cost of fuel for the first six months was $575.87, for the last six months $158.70, a saving of $417.17, or a total saving on both of $800.00. This saving is accounted for by the difference in the condition of the garbage as returned to the incinerator, some changes in the furnace part, and experience on the part of employees. The Inspector reports that the citizens are assisting greatly in taking more care in wrapping the garbage and keeping it dry. The Committee appreciates this assistance very much, and desires to point out to the citizens that whilst it is more sanitary to have their garbage well wrapped and kept dry, it also lessens the cost of consuming. The cost of collection and consuming will be met with the tax of one mill on the dollar, with a little to spare, and the Committee hopes that as it is the installation year this will meet with the approval of Council and the citizens.

Respectfully submitted,
(Signed)
GEO. C. WRIGHT,
H. W. NEWMAN.

Moved by Ald. Wright, seconded by Ald. Newman (9) that the report of the Committee on Garbage and Refuse be received and adopted.—Carried.

Note.—A detailed statement may be seen in the Auditor's Report.

You will notice in the above statement that the income from property belonging to the Home amounted to $517.45. This is made up of garden stuff, and although a poor year, the following was grown: Onions, 5 bushels; cabbage, 408 lbs.; cucumbers, 1,028; carrots, 30 bushels; beets, 15 bushels; turnips, 30 bushels; potatoes, 108 bushels; pumpkins, 210; citrons, 26; melons, 15; tomatoes, 442 lbs; radish and lettuce sufficient for the Home for five and a half months; parsley, 35 bunches; parsnips, 10 bushels; beans, 45 lbs.; eggs, 280 dozen; 42 chickens being used on the table.

Improvements.

Your Board found it necessary to make the following improvements to the buildings:—

Shingling the roof of the main building and that of the barn, cementing root house, furnace room floor and ash platform; new shower bath in mens' lavatory, new ceilings in women's lavatory; pantry and men's bed room, repairs to storm windows, new floor from the kitchen to the furnace room, and also men's small bed room; glass front to the hen house; new window sills in frames, raising the summer house and removing the old laundry, repairing verandah posts and new floor in part of it, new steps to the men's exit; eave trough to the summer house, root house and barn; ventilator to the root house.

To the grounds—Erection of a new sign, digging up the old road, removing the stones, etc., and making it arable.

Purchase of Land.

The Home was inspected by Dr. Maloney, District Officer of Health, on March 11th, 1915, when he suggested the addition of more land. On May 23rd, 1916, your Board purchased lots 9, 10, 11, 12, 29, 30, 31, 32 and 33, adjoining the lands of the Home, and containing over an acre of land, for the sum of $1,300. Again on Nov. 28th your Board purchased the rear lots 1 and 2, N.W., corner Adelaide and Montreal streets, said lots being 80 feet by 120 feet, with an 8-foot right-of-way to Montreal street for the sum of $700. The Board has paid for the first purchase from current revenue, and have made arrangements for the pay-

ment of the second purchase next year in the same way. The deeds are made out to the Corporation of the City of Kingston, but the financing of the payments have been done by the Board. We believe that with the addition of this land sufficient produce can be raised for the Home for a year or nearly so.

Religious Services.

Religious services have been continuously supplied during the year—every Sunday morning by the Salvation Army from April to October; by the Young People's Association of Kingston from October to April; by Queen's University Y. M. C. A. and Y. W. C. A.; first Tuesday in each month by Rev. J. Fairlie.

Entertainments.

Entertainments have been given by F. Salisbury's Orchestra, Calvary Church, 146th Battalion C.E.F., King's Daughters.

The Home was inspected on July 12th, 1916, by the Assistant Inspector for the Government. A copy of the report is hereby submitted:—

"An official visit of inspection was paid to the House of Industry, Kingston, to-day, July 12th, 1916.

"On approaching the House the grounds presented a pleasing sight. One side is a large, grassy lawn, in the centre of which a summer house is placed, and four of the old ladies were sitting in the summer house on comfortable chairs. It was afterwards learned that this summer house used to be at the top of the hill, and it was hard for an old person to reach it. It has now been removed to a better position. It is a source of pleasure and interest to the inmates to sit there and see what is going on.

"On the other side, a fine kitchen-garden, with some fruit, has been planted, and four of the men were working with the Superintendent in the garden.

"A careful inspection was made of the house. The halls, dormitories, dining-rooms, kitchen, sitting-rooms and all other parts of the house were found in good order.

"The beds were clean, neat and tidy, but they would be made more comfortable if metal springs of the kind specially made for Ontario institutions at the Ontario Reformatory, could be procured. This is recommended to the attention of the Board of Management as one of the best things that could be done for the comfort of the inmates. Four or five springs were seen, but they are of the type in which heavy wooden frames are used. Experience has shown that they are undesirable.

"The toilets and bath-rooms were found in good order. A shower bath would be a great advantage, and is almost a necessity.

"The ventilation is good. The heating is good, but not sufficient in some places. One or two large rooms were seen with only one fair-sized radiator. On enquiry it was found that these rooms are cold in winter.

"There were thirty-seven (37) inmates to-day, twenty-two men and fifteen women.

"The inmates were seen in the House, in the grounds, and when they assembled for an excellent and appetizing dinner. All the inmates are comfortably clothed, and seemed contented. All but three were able to come down to dinner. In private conversation more than one of the inmates expressed satisfaction and gratitude for the kind treatment received from the Superintendent and Matron.

"Outside, an excellent store-house for roots has been built, and also a cement ash-pit. Other improvements such as new rods on buildings, have been made outside, and inside the improvements have been very numerous. The most important improvements are the men's lavatory, which is excellent, with a tiled floor and good plumbing, and the new hardwood floors, which have been placed in many of the rooms; probably half the floor area of the building has been renewed in this way.

"The Board of Management have done nobly and have been ably seconded in their plans by the Superintendent and Matron. All are to be congratulated on the improvements, and also on the acquirement of more land for a garden. This was evidently a wise investment, and the value of the crop of potatoes on it this year may probably amount to one-fifth or one-sixth of the price of the land, if the present market price obtains.

"The citizens of Kingston are already beginning to comment approvingly on the improved look of the House and grounds, and no doubt many of them will be ready to take an interest in the House, assist it in the present time, and plan for its future.

"The residence of the Superintendent, for example, should be provided for. The present rooms are not suitable, and are very cramped, and there is no dining-room for him and his family.

"It might be well to have the Kingston Fire Chief examine and report on the fire protection of the building.

"Where so much has been done, it is encouraging to continue in this good work, and much more remains to do.

"The result of the inspection was satisfactory and pleasant.

"The Government grant for the year 1915 was $922.46.

"(Signed) HELEN MacMURCHY,
"Assistant Inspector.

"Toronto, July 12th, 1916."

"On account of the increased cost of food stuffs we increased the cost of maintenance to the Counties of Frontenac and Lennox and Addington by 25 cents per week per inmate. Whereas we formerly received $2.25 we are now receiving $2.50. At the first meeting of the Board Mrs. Jordan and Mrs. Strange were appointed to act with the Board as visitors and give special attention to matters which formerly came under their observation and direction as members of the Domestic Committee of the Board of Directors, and to confer with the Superintendent and Matron regarding the internal management of the house. They have done excellent work, and the Board is under a deep debt of gratitude for their assistance in the management of the Home during the year.

"A new electric washer and 40 beds with metal springs are needed, and should engage the attention of the new Board immediately.

In conclusion your Board asks you to believe that they have endeavored to manage the Home with a view to economy and efficiency, and at all times did their utmost to make the condition of the inmates as happy and comfortable as possible in their declining years.

Respectfully submitted,

(Signed)
